

## Theoretisch-Chemisches Kolloquium (WS 2021/2022)

---

Zeit: mittwochs 14:15, Ort: Seminarraum NC 03/399

---

**All Theoretical Chemistry Colloquia will be announced on an individual basis.,**

03. 11. 2021      **Jan Noetzel**, Lehrstuhl für Theoretische Chemie, Ruhr-Universität Bochum, Deutschland  
*Solvation and Spectroscopy under extreme Conditions*
24. 11. 2021      **Aman Jindal**, Department of Inorganic and Physical Chemistry, Indian Institute of Science Bangalore, India  
*Ethylene Glycol in the Liquid State: Structure, Conformation and Dynamics*
01. 12. 2021      **Nore Stolte**, Department of Physics, Hong Kong University of Science and Technology, Hong Kong, China  
*Ab initio molecular dynamics studies of aqueous carbon at extreme conditions*

gez. Die Dozenten der Theoretischen Chemie

---

**Gäste sind herzlich willkommen!**
